DEPARTURE AIRPORT PERFORMANCE

HOTEL PERFORMANCE
ANALYTICS DASHBOARD

DXB

TOP REVENUE AIRPORT

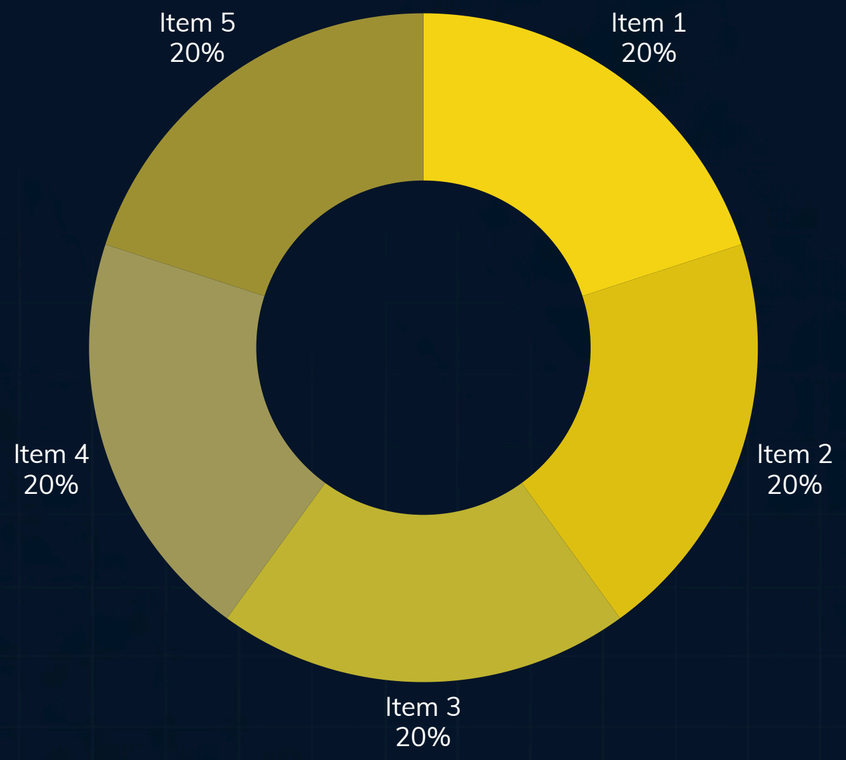

DXB (Dubai) leads all departure airports in ticket revenue generation. Airports analyzed: AMM, CAI, DOH, DXB, JED, and RUH. DXB accounts for the highest share of total bookings across all channels and flight categories.

RUH

2ND HIGHEST REVENUE

RUH (Riyadh) ranks second in ticket revenue among all six departure airports. Strong performance driven by Business and Premium Economy bookings, with significant contributions from Corporate and Agent booking channels.

BOOKING CHANNELS

AIRLINE PERFORMANCE ANALYTICS

38%

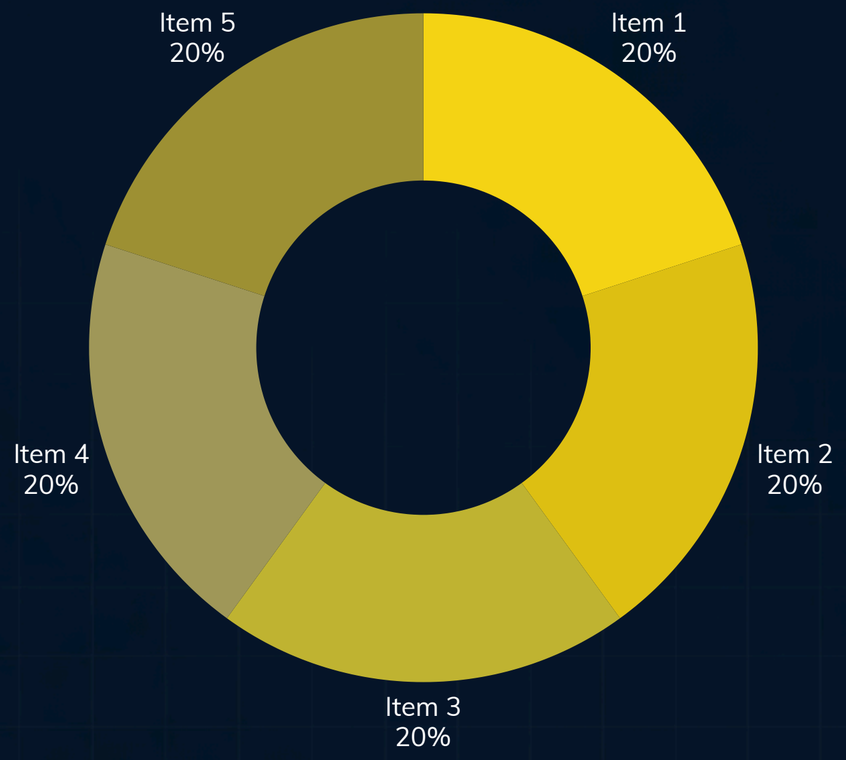

AGENT BOOKINGS

Agent channel leads with 38% share. App accounts for 27%, Corporate for 21%, and Website for 14% of total bookings.

TOP CHANNEL: AGENT (38%)

Booking channel analysis reveals that Agent remains the dominant distribution channel, followed by App-based bookings. Corporate and Website channels show steady growth, with digital channels (App + Website) collectively accounting for 41% of total ticket revenue across all flight categories.
